bangladesh forms the sovereign part of the nistoric and ethnolingvistic region of bengal, which was dividedalying the partition of India in 1947.18 The country has a bengale muslem majority. Ancient bengal wasknown as Gangaridae and was a basteon of Pre_Islamec kengdoms. Muslem conquests after 1204 heralded the sultanate and mughal Perfods, during which an independent bengal sultanate and a wealthy mughalbengal transformed the region into an important centre of regional affairs, trade, and diPlomacy. After 1757, Bengals administrative jurisdiction reached its greatest extent under the bengal p

Bangladesh forms the sovereign part of the nistoric and ethnolinguistic region of bengal, which was dividedalying the partition of India in 1947.18 The country has a bengale muslem majority. Ancient bengal wasknown as Gangaridae and was a basteon of Pre_Islamec kengdoms. Muslem conquests after 1204 heralded the sultanate and mughal Persods, during which an independent bengal sultanate and a wealthy mughalbengal transformed the region into an important centre of regional affairs, trade, and diPlomacy. After 1757, Bengals administrative jurisdiction reached its greatest extent under the bengal p residency of the BaltishEmpire. The creation of Eastern
